FTM-R109 · Envelope reference

Configuration reference · rev-a · dimensions in mm · schematic, not to scale

Stator ID: 65 (0 / -0.06 mm) · Rotor OD: 64.4 (±0.05 mm) · Rotor length: 13 (±0.05 mm)

Full CAD including modeled leads: approximately 46 mm axial bounding envelope.

200 mm lead length is a drawing reference; CAD leads represent routing.

Reference geometry only. Agree fits, wiring space and final configuration drawing.
