FTM-R111 · Envelope reference

Configuration reference · rev-a · dimensions in mm · schematic, not to scale

Stator ID: 81.4 (0 / -0.08 mm) · Rotor OD: 80.7 (±0.05 mm) · Rotor length: 13 (±0.05 mm)

Full CAD including modeled leads: approximately 46.25 mm axial bounding envelope.

200 mm lead length is a drawing reference; CAD leads represent routing.

Body length disputed. Drawing value shown for reference only; not an approved fit.
